Vanderbilt University Institutional Review Board
Proposal for Research Using Human Participants
Assent Document for Research Study

PI: XXXXXXXXXX       Version Date: XXXXXX
Title of Study: XXXXXXXXXX
Institution/Hospital: VUMC

This assent document applies to children who are 8 years, 0 months to 8 years, 11 months.

Name of participant _______________________________________________  Age _____

SCRIPT: Hi (child's name). My name is XXXXXXXXXX. I talked to your Mom/Dad and they said that is was okay if you played with me today. We are going to play some games today. We will look at some pictures and talk about them. Would you like to do that with me? If while we are playing, you decide that you don't want to play anymore, you just let me or your parents know. We will stop playing and no one will get mad at you.

After reading you this script, are you willing to play with me? Yes, then will you write your name on the line. No, I will take you back to your parent or class.
